RESOLUTION 2021-03

A RESOLUTION OF THE BOARD OF SUPERVISORS OF CARLTON LAKES COMMUNITY DEVELOPMENT DISTRICT AUTHORIZING THE DISTRICT MANAGER TO DISBURSE FUNDS FOR PAYMENT OF CERTAIN EXPENSES WITHOUT PRIOR APPROVAL OF THE BOARD OF SUPERVISORS

WHEREAS, Carlton Lakes Community Development District (hereinafter the "District") is a local unit of special-purpose government created and existing pursuant to Chapter 190, Florida Statutes, being situated entirely within Hillsborough County, Florida; and

WHEREAS, Section 190.011(5), Florida Statutes, authorizes the District to adopt resolutions which may be necessary for the conduct of District business; and

WHEREAS, the Board of Supervisors of the District (hereinafter the "Board") determines that for purposes of administrative and accounting necessity, the following resolution is in the best interest of the District and is necessary for the conduct of District business.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF SUPERVISORS OF CARLTON LAKES COMMUNITY DEVELOPMENT DISTRICT THAT:

Section 1. The Board hereby authorizes the District Manager to disburse District funds for payment of invoices which meet all of the following requirements:

- a. The invoices must be due on or before the next scheduled meeting of the Board of Supervisors.
- b. The invoice must be for continuing goods or services pursuant to a contract or agreement authorized by the Board of Supervisors.
- c. The total amount paid under such contract or agreement, including the current invoice, must be equal to or less than the amount specified in the contract or agreement.
- d. The invoice amount will not cause payments to exceed the adopted budget of the District.

<u>Section 2</u>. The Board hereby authorizes the District Manager to approve the disbursement of funds for non-continuing expenses which are required for the repair, control, or maintenance of a District facility or asset beyond the normal, usual, or customary maintenance required for such facility or assets up to \$2,500, and up to \$5,000 with approval from the Chair of the Board of Supervisors.

Section 3. Any payment made pursuant to this Resolution shall be submitted to the Board of Supervisors at the next scheduled meeting and approved and ratified.

Section 4. This Resolution shall become effective immediately upon its adoption.

PASSED AND ADOPTED THIS 4TH DAY OF FEBRUARY, 2021.

From: Sent: To: Subject: Andres Jimenez <ajimenez@egisadvisors.com> Tuesday, September 29, 2020 8:03 AM Ryan Rupnarain FIA COVID-19 Update: Phase 3

Dear FIA Members and Partners :

Governor DeSantis recently issued **Executive Order 20-244** and announced 'Phase 3' of the state's **'Safe.Smart.Step-by-Step'** plan which went into effect on September 25th. As part of our continued efforts to support our members and assist them with their district's Reopening plans, we wanted to share the following updates and considerations based on the Executive Order mentioned above.

Gyms and Fitness Centers

Under Phase 3, gyms and fitness centers may operate at full capacity. Districts should continue to follow CDC/DOH cleaning and sanitation protocols during all hours of operation by promoting and encouraging social distancing and self-sanitization of equipment after use. Districts should continue to provide sanitation supplies. District personnel should help ensure these sanitation protocols are followed.

Districts with Cafes and/or Restaurants

Capacity restrictions for restaurants have been lifted as part of the Phase 3 reopening. CDC/DOH cleaning and sanitation protocols should be maintained.

Amenity Center and Clubhouse Use (General) and Special Events

Districts can resume full capacity use of their amenity centers and the scheduling of special events and activities. When resuming these events, districts should consider providing written communication to residents reminding them that high-risk populations should self-evaluate their participation in events to limit their exposure. Districts should post signage reminding residents and guests to follow social distancing guidelines and practice proper hand hygiene during these activities. CDC/DOH cleaning and sanitation protocols should be maintained.

Amenity Center and Clubhouse Rentals

Rental agreements should include acknowledgment of COVID-19 along with waiver language and requirements for renters to ensure that their guests are aware of current preventative measures and guidelines.

<u>Pools</u>

Districts may now consider removing or increasing capacity limits. We encourage districts to promote adherence to CDC/DOH social distancing protocols via methods such as signage, pool furniture positioning, etc. CDC/DOH cleaning and sanitation protocols should be maintained for high touch areas.

Playgrounds and Athletic Courts

Playgrounds and athletic courts may reopen while continuing with the posting of signage advising residents and guests of social distancing guidelines along with reminders to self-sanitize as the virus may stay on some surfaces for days.

I hope that you find this update useful and supportive of your efforts as the reopening process continues. Please do not hesitate to reach out to us if you have any questions or if your district needs special assistance with their reopening plan.

Stay Safe,

COVID-19 UPDATE : Reopening Gyms and Fitness Centers

Dear FIA Members and Partners :

Governor DeSantis announced Friday that the state is ready to move into "Full Phase 1" of its 'Safe. Smart. Step-by-Step' reopening plan. Under Full Phase 1, gyms and fitness centers in all counties (except Miami-Dade and Broward) may now operate up to fifty percent of their building capacity as long as they adopt safety measures including social distancing and cleaning / sanitation protocols.

Hours after Governor signed <u>Executive Order 20/123 (Full Phase 1</u>), Florida's Department of Business and Professional Regulation (DBPR) published <u>Information for Gyms and Fitness Centers</u> which includes recommended best practices as well as a set of **mandatory safety measures** and guidelines that must be followed by all gyms and fitness centers that choose to reopen their doors during Phase 1. The mandatory safety measures, which are pursuant to Executive Order 20/123, include:

• Monitor building occupancy and restrict customer access to no more than 50 percent of the building's occupancy.

- Offer readily-available dispensers of a disinfectant included on the <u>EPA List N: Disinfectants for Use Against SARS-CoV-2</u> and provide patrons with sufficient cleaning materials, including disposable wipes. Instruct patrons to clean touched surfaces upon each use of fitness equipment.
- Thoroughly clean and disinfect all seating, counters, weights, weight bars, mats, machines, and other fitness equipment upon closing the facility each day.
- During daily operation, routinely clean and disinfect surfaces, particularly high-touch surfaces such as faucets, toilets, doorknobs, and light switches.
- Maintain restrooms that remain open with functional toilets, clean and disinfected surfaces, and hand washing supplies, including soap and materials for drying hands or hand sanitizer with at least 60% alcohol.
- Employees who appear to have symptoms upon arrival at work or who become sick during the day must immediately be separated from other employees, customers, and visitors, and sent home.

Below you will find two additional resources that can help our districts manage the reopening of their fitness facilities. The "Risk Insights" document was created by FIA's Loss Control department and outlines risk management recommendations and suggestions for a safe reopening. The "Phase 1: Gyms and Fitness Centers" reopening plan was created by the law firm of Hopping Green & Sams. Their plan includes general guidelines that can be customized depending on the size of the facility and the resources and staff available to implement and execute the reopening plan.

Please do not hesitate to reach out to the FIA Risk Services team if you have any questions or if your district needs assistance creating a reopening plan.

Stay Safe,

LOWER BILLS - AGAIN!

The unprecedented circumstances of the coronavirus pandemic and lower fuel costs led Tampa Electric to seek approval from the Florida Public Service Commission to lower Tampa Electric bills. All customers will see a COVID-19 fuel credit on their bills in June through August. Residential customers will see a 20 percent reduction on summer bills, including an estimated \$90 savings through December. Commercial and industrial customers can expect a total bill reduction of up to 14 to 20 percent, depending on usage and rate class through December. Tampa Electric's bills continue to be among the lowest in Florida and are more than 20 percent below the national average.

Dear Valued Customer,

Due to a billing system error, a past bill you received was based on an estimated meter read that was lower than your actual energy consumed. This current bill includes a debit for the amount underestimated as well as the amount due for your current month's usage. We have identified the cause of this error and have taken steps to prevent this from occurring again. To request a payment arrangement, please log in to tecoaccount. com or visit tampaelectric.com/business/payment-options and select Payment Arrangement. You may also call 866-832-6249 on weekdays from 7:30 a.m. to 6:00 p.m.

We apologize for any inconvenience this may have caused you. Thank you for providing us the opportunity to serve you!

LOWER BILLS - AGAIN!

The unprecedented circumstances of the coronavirus pandemic and lower fuel costs led Tampa Electric to seek approval from the Florida Public Service Commission to lower Tampa Electric bills. All customers will see a COVID-19 fuel credit on their bills in June through August. Residential customers will see a 20 percent reduction on summer bills, including an estimated \$90 savings through December. Commercial and industrial customers can expect a total bill reduction of up to 14 to 20 percent, depending on usage and rate class through December. Tampa Electric's bills continue to be among the lowest in Florida and are more than 20 percent below the national average.

Notice of Public Hearing and Board of Supervisors meeting of the Carlton Lakes Community Development District

The Board of Supervisors (the "Board") of the Carlton Lakes Community Development District (the "District") will hold a public hearing and a meeting on August 6, 2020, at 1:30 p.m. at* the offices of Meritus, 2005 Pan Am Circle, Suite 300, Tampa, Florida 33607.

*Please note that pursuant to Governor DeSantis' Executive Order 20-69 (as extended by Executive Orders 20-112 and 20-123 and as it may be further extended or amended) relating to the COVID-19 public health emergency and to protect the public and follow the CDC guidance regarding social distancing, such public hearing and meeting may be held telephonically or virtually. Please check the District's website for the latest information: <u>http:// caritonlakescdd.org/</u>.

The purpose of the public hearing is to receive public comments on the proposed adoption of the District's fiscal year 2020-2021 proposed budget and the proposed levy of its annually recurring non-ad valorem special assessments for operation and maintenance to fund the items described in the proposed budget (the "O&M Assessments").

At the conclusion of the public hearing, the Board will, by resolution, adopt a final budget, provide for the levy, collection, and enforcement of the O&M Assessments, and certify an assessment roll. A meeting of the Board will also be held where the Board may consider any other business that may properly come before it.

A copy of the proposed budget, preliminary assessment roll, and the agenda may be viewed on the District's website at least 2 days before the meeting, or may obtained by contacting the District Manager's office via email at Nicole.Hicks@merituscorp. com or via phone at (813) 873-7300.

The table below presents the proposed schedule of the O&M Assessments. Amounts are preliminary and subject to change at the meeting and in any future year

Notations:

⁽¹⁾ Annual assessments are adjusted for the County collection costs and Statutory early payment discount.

The O&M Assessments (in addition to debt assessments, if any) will appear on November 2020 Hillsborough County property tax bill. Amount shown includes all applicable collection costs. Property owner is eligible for a discount of up to 4% if paid early.

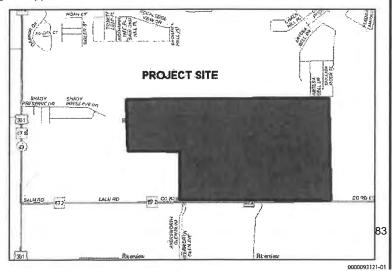

The County Tax Collector will collect the assessments for all lots and parcels within the District. Alternatively, the District may elect to directly collect its assessments in accordance with Chapter 190, Florida Statutes. Failure to pay the District's assessments will cause a tax certificate to be issued against the property which may result in a loss of title or a foreclosure action to be filed against the property. All affected property owners have the right to appear

at the public hearing and to file written objections with the District within 20 days of publication of this notice.

The public hearing and meeting are open to the public and will be conducted in accordance with the provisions of Florida law for community development districts and if applicable Executive Order 20-69. They may be continued to a date, time, and place to be specified on the record at the hearing or meeting. There may be occasions when staff or Board members may participate by speaker telephone.

In accordance with the provisions of the Americans with Disabilities Act, any person requiring special accommodations because of a disability or physical impairment should contact the District Manager's office at least 48 hours prior to the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service at 711 or 1-800-955-8771 (TTY), or 1-800-955-8770 (voice) for aid in contacting the District Manager's office. Each person who decides to appeal any decision made by the Board with respect to any matter considered at the public hearing or meeting is advised that person will need a record of proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which such appeal is to be based.

LOWER BILLS - AGAIN!

The unprecedented circumstances of the coronavirus pandemic and lower fuel costs led Tampa Electric to seek approval from the Florida Public Service Commission to lower Tampa Electric bills. All customers will see a COVID-19 fuel credit on their bills in June through August. Residential customers will see a 20 percent reduction on summer bills, including an estimated \$90 savings through December. Commercial and industrial customers can expect a total bill reduction of up to 14 to 20 percent, depending on usage and rate class through December. Tampa Electric's bills continue to be among the lowest in Florida and are more than 20 percent below the national average.

The benefits of a modern electric grid

As part of our ongoing efforts to modernize our grid and leverage technology to serve you better, Tampa Electric can now remotely connect or disconnect your electric service. No need to wait for a technician to arrive. This also reduces face-to-face interactions during the coronavirus pandemic.

Note: Remote service requires that you have a smart meter. How do you know if you have a smart meter? Visit tampaelectric.com/mymeter to learn more.

More clean energy to you

By 2023, Tampa Electric will have nearly 14% of its energy generated from the sun – the highest percentage of solar generation of any utility in the state of Florida and enough to power more than 200,000 homes. Visit tampaelectric.com/ solar to learn more. For the 12-month period ending June 2020, the percentage of fuel type used by Tampa Electric to provide electricity to its customers was Natural Gas & Oil* 82%, Coal 4%, Purchased Power 9% and Solar 5%. Tampa Electric provides this information to our customers on a quarterly basis.

LOWER BILLS – AGAIN!

The unprecedented circumstances of the coronavirus pandemic and lower fuel costs led Tampa Electric to seek approval from the Florida Public Service Commission to lower Tampa Electric bills. All customers will see a COVID-19 fuel credit on their bills in June through August. Residential customers will see a 20 percent reduction on summer bills, including an estimated \$90 savings through December. Commercial and industrial customers can expect a total bill reduction of up to 14 to 20 percent, depending on usage and rate class through December. Tampa Electric's bills continue to be among the lowest in Florida and are more than 20 percent below the national average.

The benefits of a modern electric grid

As part of our ongoing efforts to modernize our grid and leverage technology to serve you better, Tampa Electric can now remotely connect or disconnect your electric service. No need to wait for a technician to arrive. This also reduces face-toface interactions during the coronavirus pandemic.

Note: Remote service requires that you have a smart meter. How do you know if you have a smart meter? Visit tampaelectric.com/mymeter to learn more.

More clean energy to you

By 2023, Tampa Electric will have nearly 14% of its energy generated from the sun - the highest percentage of solar generation of any utility in the state of Florida and enough to power more than 200,000 homes. Visit tampaelectric.com/ solar to learn more. For the 12-month period ending June 2020, the percentage of fuel type used by Tampa Electric to provide electricity to its customers was Natural Gas & Oil* 82%, Coal 4%, Purchased Power 9% and Solar 5%. Tampa Electric provides this information to our customers on a quarterly basis.

LOWER BILLS - AGAIN!

The unprecedented circumstances of the coronavirus pandemic and lower fuel costs led Tampa Electric to seek approval from the Florida Public Service Commission to lower Tampa Electric bills. All customers will see a COVID-19 fuel credit on their bills in June through August. Residential customers will see a 20 percent reduction on summer bills, including an estimated \$90 savings through December. Commercial and industrial customers can expect a total bill reduction of up to 14 to 20 percent, depending on usage and rate class through December. Tampa Electric's bills continue to be among the lowest in Florida and are more than 20 percent below the national average.

The benefits of a modern electric grid

As part of our ongoing efforts to modernize our grid and leverage technology to serve you better, Tampa Electric can now remotely connect or disconnect your electric service. No need to wait for a technician to arrive. This also reduces face-toface interactions during the coronavirus pandemic.

Note: Remote service requires that you have a smart meter. How do you know if you have a smart meter? Visit tampaelectric.com/mymeter to learn more.

More clean energy to you

By 2023, Tampa Electric will have nearly 14% of its energy generated from the sun - the highest percentage of solar generation of any utility in the state of Florida and enough to power more than 200,000 homes. Visit tampaelectric.com/ solar to learn more. For the 12-month period ending June 2020, the percentage of fuel type used by Tampa Electric to provide electricity to its customers was Natural Gas & Oil* 82%, Coal 4%, Purchased Power 9% and Solar 5%. Notice of Public Hearing and Board of Supervisors meeting of the Carlton Lakes Community Development District

The Board of Supervisors (the "Board") of the Carlton Lakes Community Development District (the "District") will hold a public hearing and a meeting on August 6, 2020, at 1:30 p.m. at* the offices of Meritus, 2005 Pan Am Circle, Suite 300, Tampa, Florida 33607.

*Please note that pursuant to Governor DeSantis' Executive Order 20-59 (as extended by Executive Orders 20-112 and 20-123 and as it may be further extended or amended) relating to the COVID-19 public health emergency and to protect the public and follow the CDC guidance regarding social distancing, such public hearing and meeting may be held telephonically or virtually. Please check the District's website for the latest information: http://carltonlakescdd.org/.

The purpose of the public hearing is to receive public comments on the proposed adoption of the District's fiscal year 2020-2021 proposed budget. A meeting of the Board will also be held where the Board may consider any other business that may properly come before it. A copy of the proposed budget and the agenda may be viewed on the District's website at least 2 days before the meeting, or may obtained by contacting the District Manager's office via email at: Nicole.Hicks@merituscorp.com or via phone at (813) 873-7300.

The public hearing and meeting are open to the public and will be conducted in accordance with the provisions of Florida law for community development districts and if applicable Executive Order 20-69. They may be continued to a date, time, and place to be specified on the record at the hearing or meeting. There may be occasions when staff or Board members may participate by speaker telephone.

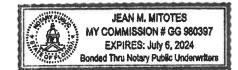

In accordance with the provisions of the Americans with Disabilities Act, any person requiring special accommodations because of a disability or physical impairment should contact the District Manager's office at least 48 hours prior to the meeting. If you are hearing or speech impaired, please contact the Florida Relay Service at 711 or 1-800-955-8770 (voice) for aid in contacting the District Manager's office.

Each person who decides to appeal any decision made by the Board with respect to any matter considered at the public hearing or meeting is advised that person will need a record of proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which such appeal is to be based.

Nicole Hicks District Manager

Tax and Fees - This statement reflects the current taxes and fees for your area (including sales, excise, user taxes, etc.). These taxes and fees may change without notice. Visit spectrum.net/taxesandfees for more information.

Terms & Conditions - Spectrum's detailed standard terms and conditions for service are located at spectrum.com/policies.

Past Due Fee / Late Fee Reminder - A late fee will be assessed for past due charges for service.

The following taxes, fees and surcharges are included in the price of the applicable service - Federal USF \$1.54, Florida Local CST \$1.40, Florida State CST \$1.28, Florida CST \$0.65, E911 Fee \$0.40, TRS Surcharge \$0.10, Sales Tax \$0.03.

Voice Fees and Charges - These include charges, to recover or defray government fees imposed on Spectrum, and certain other costs related to Spectrum's Voice service, including a Federal Universal Service Charge and, if applicable, a State Universal Service Charge to recover amounts Spectrum must pay to support affordable telephone service, and may include a state Telecommunications Relay Service Fee to support relay services for hearing and speech impaired customers. Please note that these charges are not taxes and are subject to change. For more information, visit spectrum.net/taxesandfees.

Billing Practices - Spectrum Business mails monthly, itemized invoices for all monthly services in advance. A full payment is required on or before the due date indicated on this invoice. Payments made after the indicated due date may result in a late payment processing charge. Failure to pay could result in the disconnection of all your Spectrum Business service(s). Disconnection of Business Voice service may also result in the loss of your phone number.

Changing Business Locations - Please contact Spectrum Business before moving your Business Voice modem to a new address. To establish service at your new location or return equipment, please contact your Spectrum Business Account Executive at least twenty one (21) business days prior to your move.

Complaint Procedures - You have 60 days from the billing date to register a complaint if you disagree with your charges.

Visit Spectrum.com/stores for store locations. For questions or concerns, visit Spectrum.net/support.

Your WAY can be the GREEN way! GO GREEN with Spectrum Business.

Need-to-Know Information

Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Late Payment Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law. Failure to pay bills on time may result in negative credit reporting.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are \$104.23. This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were \$63.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: \$4.04 for voice, \$0.81 for messaging, \$58.15 for data, and \$0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Notice of Landowners' Meeting and Election and Meeting of the Board of Supervisors of the Carlton Lakes Community Development District

Notice is hereby given to the public and all landowners within the Carlton Lakes Community Development District (the "District"), comprised of approximately 306.90 acres in Hillsborough County, Florida, advising that a landowners' meeting will be held for the purpose of electing three (3) members of the Board of Supervisors of the District. Immediately following the landowners' meeting there will be convened a meeting of the Board of Supervisors for the purpose of considering certain matters of the Board to include election of certain District officers, and other such business which may properly come before the Board.

> DATE: November 3, 2020 TIME: 1:30 p.m. *PLACE: The offices of Meritus 2005 Pan Am Circle, Suite 300 Tampa, Florida 33607

*Please note that due to the ongoing nature of the COVID-19 public health emergency, it may be necessary to hold the above referenced meetings utilizing communications media technology in order to protect the health and safety of the public or held at an alternative physical location other than the location indicated above. To that end, anyone wishing to participate in such meetings should contact the District Manager's Office prior to each meeting to confirm the applicable meeting access and/or location information. Additionally, interested parties may refer to the District's website for the latest information: : http://caritonlakescdd.org/.

Each landowner may vote in person or by written proxy. Proxy forms and instructions relating to landowners' meeting may be obtained upon request at the office of the District Manager located at 2005 Pan Am Circle, Suite 300, Tampa, Florida 35607. A copy of the agenda for these meetings may be obtained from the District Manager at the above address.

The landowners' meeting and the Board of Supervisors meeting are open to the public and will be conducted in accordance with the provisions of Florida law. One or both of the meetings may be continued to a date, time, and place to be specified on the record at such meeting. There may be an occasion where one or more supervisors will participate by telephone.

Pursuant to the Americans with Disabilities Act, any person requiring special accommodations to participate in these meetings is asked to contact the District Manager at (813) 873-7300, at least 48 hours before the hearing. If you are hearing or speech impaired, please contact the Florida Relay Service at 711 for aid in contacting the District Manager.

A person who decides to appeal any decision made by the Board with respect to any matter considered at the meeting is advised that such person will need a record of the proceedings and that accordingly, the person may need to ensure that a verbatim record of the proceedings is made, including the testimony and evidence upon which the appeal is to be based.

Tax and Fees - This statement reflects the current taxes and fees for your area (including sales, excise, user taxes, etc.). These taxes and fees may change without notice. Visit spectrum.net/taxesandfees for more information.

Terms & Conditions - Spectrum's detailed standard terms and conditions for service are located at spectrum.com/policies.

Past Due Fee / Late Fee Reminder - A late fee will be assessed for past due charges for service.

The following taxes, fees and surcharges are included in the price of the applicable service - Federal USF \$1.57, Florida Local CST \$1.40, Florida State CST \$1.28, Florida CST \$0.65, E911 Fee \$0.40, TRS Surcharge \$0.10, Sales Tax \$0.03.

Volce Fees and Charges - These include charges, to recover or defray government fees imposed on Spectrum, and certain other costs related to Spectrum's Voice service, including a Federal Universal Service Charge and, if applicable, a State Universal Service Charge to recover amounts Spectrum must pay to support affordable telephone service, and may include a state Telecommunications Relay Service Fee to support relay services for hearing and speech impaired customers. Please note that these charges are not taxes and are subject to change. For more information, visit spectrum.net/taxesandfees.

Billing Practices - Spectrum Business mails monthly, itemized invoices for all monthly services in advance. A full payment is required on or before the due date indicated on this invoice. Payments made after the indicated due date may result in a late payment processing charge. Failure to pay could result in the disconnection of all your Spectrum Business service(s). Disconnection of Business Voice service may also result in the loss of your phone number.

Changing Business Locations - Please contact Spectrum Business before moving your Business Voice modem to a new address. To establish service at your new location or return equipment, please contact your Spectrum Business Account Executive at least twenty one (21) business days prior to your move.

Complaint Procedures - You have 60 days from the billing date to register a complaint if you disagree with your charges.

Visit Spectrum.com/stores for store locations. For questions or concerns, visit Spectrum.net/support.

New Storm Protection Clause

This January, you'll see a new line item on your bill called Storm Protection Charge. It will support the new Storm Protection Plan, which will help prevent power outages and reduce power restoration time during severe weather. This program will benefit all customers by strengthening our power system and making storm restoration faster – and cheaper. Visit tampaelectric.com/spp for more information.

More clean energy to you

By the end of 2023, Tampa Electric will have about 14% of its energy generated from the sun – the highest percentage of solar generation of any utility in the state of Florida and enough to power more than 200,000 homes. Visit tampaelectric.com/solar to learn more. For the 12-month period ending Sept. 2020, the percentage of fuel type used by Tampa Electric to provide electricity to its customers was Natural Gas 81%, Coal 4%, Purchased Power 10% and Solar 5%. Tampa Electric provides this information to our customers on a quarterly basis.

New Storm Protection Clause

This January, you'll see a new line item on your bill called Storm Protection Charge. It will support the new Storm Protection Plan, which will help prevent power outages and reduce power restoration time during severe weather. This program will benefit all customers by strengthening our power system and making storm restoration faster – and cheaper. Visit tampaelectric.com/spp for more information.

More clean energy to you

By the end of 2023, Tampa Electric will have about 14% of its energy generated from the sun – the highest percentage of solar generation of any utility in the state of Florida and enough to power more than 200,000 homes. Visit tampaelectric.com/solar to learn more. For the 12-month period ending Sept. 2020, the percentage of fuel type used by Tampa Electric to provide electricity to its customers was Natural Gas 81%, Coal 4%, Purchased Power 10% and Solar 5%. Tampa Electric provides this information to our customers on a quarterly basis.

New Storm Protection Clause

This January, you'll see a new line item on your bill called Storm Protection Charge. It will support the new Storm Protection Plan, which will help prevent power outages and reduce power restoration time during severe weather. This program will benefit all customers by strengthening our power system and making storm restoration faster – and cheaper. Visit tampaelectric.com/spp for more information.

More clean energy to you

By the end of 2023, Tampa Electric will have about 14% of its energy generated from the sun – the highest percentage of solar generation of any utility in the state of Florida and enough to power more than 200,000 homes. Visit tampaelectric.com/solar to learn more. For the 12-month period ending Sept. 2020, the percentage of fuel type used by Tampa Electric to provide electricity to its customers was Natural Gas 81%, Coal 4%, Purchased Power 10% and Solar 5%. Tampa Electric provides this information to our customers on a quarterly basis.

Need-to-Know Information

Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's Included, are subject to change from time to time.**

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Late Payment Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law. Failure to pay bills on time may result in negative credit reporting.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are \$48.86. This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were \$45.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: \$2.89 for voice, \$0.58 for messaging, \$41.53 for data, and \$0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.

Important Rate Information for Lighting Customers

Effective January 2021, customer bills will increase due to rising natural gas prices, our continued investments in solar and a Storm Protection Charge. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average. Visit tampaelectric.com/rates and select Customer Communications to review the January 2021 lighting rates.

Rising natural gas prices will affect Tampa Electric bills in 2021.

The average commercial and industrial customer bills will increase by about 7 to 11 percent, depending on usage. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average.

Here's what will affect bills in 2021:

Fuel The pandemic initially reduced demand for natural gas, which drove prices to historical lows during 2020. As the economy begins to recover, natural gas demand will increase this winter and during 2021, causing natural gas prices to increase. Tampa Electric will continue to utilize solar power and clean, affordable natural gas to keep customer bills low.

Continued Investment in Solar

Providing safe, reliable and clean energy is our priority. We will add additional solar in January to produce clean power for all our customers. By 2023, Tampa Electric will have enough solar to power more than 200,000 homes and businesses - more solar per customer than any other utility in Florida.

Storm Protection Charge

Starting in January, you'll see a new line item on your bill called the Storm Protection Charge. It will support the company's approved Storm Protection Plan, which strengthens our electrical infrastructure that delivers power to your business. These investments will help minimize power outages and reduce power restoration time. In addition, this change includes a base rate reduction for some storm-hardening activities which will now be recovered through the storm protection charge.

Basic Service Charge - A fixed monthly amount that covers the cost to provide service to your location.

Bright Choices — The number of leased light fixtures and/or poles and associated fees and charges.

Budget Billing – Optional plan averages your home's last 12 monthly billing periods so you pay the same amount for your service each month.

Energy Charge – For residential, small commercial and lighting customers, includes the cost (except fuel) of producing and delivering the electricity you purchased, including conservation, environmental and capacity cost recovery charges. For other customers, the three cost recovery charges appear as sepeare line items.

Estimated – If Tampa Electric was unable to read your meter, "ESTIMATED" will appear. Your meter will be read next month, and any difference will be adjusted accordingly.

Florida Gross Receipts Tax - A tax is imposed on gross receipts from utility services that are delivered to retail customers in Florida, in accordance with Chapter 203 of the Florida Statutes. Utility companies collect the tax from all customers, unless exempt, and remit to the state,

Florida State Tax - A tax imposed on every person who engages in the business of selling or renting tangible personal property at retail in the state, in accordance with Chapter 212 of the Florida Statutes.

Franchise Fee – A fee levied by a municipality for the right to utilize public property to provide electric service. The fee is collected by Tampa Electric and paid to the municipality.

Fuel Charge – Gost of fuel used to produce electricity you purchased. Fuel costs are passed through from fuel suppliers to our customers with no markup or profit to Tampa Electric.

For more information about your bill, please visit tampaelectric.com.

Your payment options are:

- · Schedule free one-time or recurring payments at tecoaccount.com using a checking or savings account.
- · Mail your payment in the enclosed envelope. Please allow sufficient time for delivery.
- · Pay in person at an authorized Western Union payment location, which can be found at tampaelectric.com.
- Pay by credit card using KUBRA EZ-PAY at tecoaccount.com or by calling 866-689-6469.

(A convenience fee will be charged to your bank account or credit card.)

When making your payment, please have your bill or account number available.

Please note: If you choose to pay your bill at a location not listed on our website or provided by Tampa Electric, you are paying someone who is not authorized to act as a payment agent of Tampa Electric. You bear the risk that this unauthorized party will not relay the payment to Tampa Electric and do so in a timely fashion. Tampa Electric is not responsible for payments made to unauthorized agents, including their failure to deliver or timely deliver the payment to us. Such failures may result in late payment charges to your account or service disconnection.

Important Rate Information for Lighting Customers

Effective January 2021, customer bills will increase due to rising natural gas prices, our continued investments in solar and a Storm Protection Charge. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average. Visit tampaelectric.com/rates and select Customer Communications to review the January 2021 lighting rates.

Rising natural gas prices will affect Tampa Electric bills in 2021.

The average commercial and industrial customer bills will increase by about 7 to 11 percent, depending on usage. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average.

Here's what will affect bills in 2021:

Fuel The pandemic initially reduced demand for natural gas, which drove prices to historical lows during 2020. As the economy begins to recover, natural gas demand will increase this winter and during 2021, causing natural gas prices to increase. Tampa Electric will continue to utilize solar power and clean, affordable natural gas to keep customer bills low.

Continued Investment in Solar Providing safe, reliable and clean energy is our priority. We will add additional solar in January to produce clean power for all our customers. By 2023, Tampa Electric will have enough solar to power more than 200,000 homes and businesses – more solar per customer than any other utility in Florida.

Storm Protection Charge

Starting in January, you'll see a new line item on your bill called the Storm Protection Charge. It will support the company's approved Storm Protection Plan, which strengthens our electrical infrastructure that delivers power to your business. These investments will help minimize power outages and reduce power restoration time. In addition, this change includes a base rate reduction for some storm-hardening activities which will now be recovered through the storm protection charge.

Understanding Your Electric Charges

Average kWh per day - The average amount of electricity purchased per day.

Basic Service Charge – A fixed monthly amount that covers the cost to provide service to your location.

Bright Choices⁴⁴ - The number of leased light fixtures and/or poles and associated fees and charges.

Budget Billing – Optional plan averages your home's last 12 monthly billing periods so you pay the same amount for your service each month.

Energy Charge – For residential, small commercial and lighting customers, includes the cost (except fuel) of producing and delivering the electricity you purchased, including conservation, environmental and capacity cost recovery charges. For other customers, the three cost recovery charges appear as separe line items.

Estimated – If Tampa Electric was unable to read your meter, "ESTIMATED" will appear. Your meter will be read next month, and any difference will be adjusted accordingly.

Florida Gross Receipts Tax – A tax is imposed on gross receipts from utility services that are delivered to retail customers in Florida, in accordance with Chapter 203 of the Florida Statutes. Utility companies collect the tax from all customers, unless exempt, and remit to the state.

Florida State Tax – A tax imposed on every person who engages in the business of selling or renting tangible personal property at retail in the state, in accordance with Chapter 212 of the Florida Statutes.

Franchise Fee - A fee levied by a municipality for the right to utilize public property to provide electric service. The fee is collected by Tampa Electric and paid to the municipality.

Fuel Charge - Cost of fuel used to produce electricity you purchased. Fuel costs are passed through from fuel suppliers to our customers with no markup or profit to Tampa Electric.

For more information about your bill, please visit tampaelectric.com.

Your payment options are:

Important Rate Information for Lighting Customers

Effective January 2021, customer bills will increase due to rising natural gas prices, our continued investments in solar and a Storm Protection Charge. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average. Visit tampaelectric.com/rates and select Customer Communications to review the January 2021 lighting rates.

Rising natural gas prices will affect Tampa Electric bills in 2021.

The average commercial and industrial customer bills will increase by about 7 to 11 percent, depending on usage. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average.

Here's what will affect bills in 2021:

Fuel The pandemic initially reduced demand for natural gas, which drove prices to historical lows during 2020. As the economy begins to recover, natural gas demand will increase this winter and during 2021, causing natural gas prices to increase. Tampa Electric will continue to utilize solar power and clean, affordable natural gas to keep customer bills low.

Continued Investment in Solar Providing safe, reliable and clean energy is our priority. We will add additional solar in January to produce clean power for all our customers. By 2023, Tampa Electric will have enough solar to power more than 200,000 homes and businesses - more solar per customer than any other utility in Florida.

Storm Protection Charge

Starting in January, you'll see a new line item on your bill called the Storm Protection Charge. It will support the company's approved Storm Protection Plan, which strengthens our electrical infrastructure that delivers power to your business. These investments will help minimize power outages and reduce power restoration time. In addition, this change includes a base rate reduction for some storm-hardening activities which will now be recovered through the storm protection charge.

Rising natural gas prices will affect Tampa Electric bills in 2021.

The average commercial and industrial customer bills will increase by about 7 to 11 percent, depending on usage. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average.

Here's what will affect bills in 2021:

Fuel The pandemic initially reduced demand for natural gas, which drove prices to historical lows during 2020. As the economy begins to recover, natural gas demand will increase this winter and during 2021, causing natural gas prices to increase. Tampa Electric will continue to utilize solar power and clean, affordable natural gas to keep customer bills low.

Continued Investment in Solar Providing safe, reliable and clean energy is our priority. We will add additional solar in January to produce clean power for all our customers. By 2023, Tampa Electric will have enough solar to power more than 200,000 homes and businesses - more solar per customer than any other utility in Florida.

Understanding Your Electric Charges

Average kWh per day – The average amount of electricity purchased per day.

Basic Service Charge – A fixed monthly amount that covers the cost to provide service to your location.

Bright Choices^{am} - The number of leased light fixtures and/or poles and associated fees and charges.

Budget Billing – Optional plan averages your home's last 12 monthly billing periods so you pay the same amount for your service each month.

Energy Charge – For residential, small commercial and lighting customers, includes the cost (except fuel) of producing and delivering the electricity you purchased, including conservation, environmental and capacity cost recovery charges. For other customers, the three cost recovery charges appear as sepeare line items.

Estimated – If Tampa Electric was unable to read your meter, "ESTIMATED" will appear. Your meter will be read next month, and any difference will be adjusted accordingly.

Florida Gross Receipts Tax - A tax is imposed on gross receipts from utility services that are delivered to retail customers in Florida, in accordance with Chapter 203 of the Florida Statutes. Utility companies collect the tax from all customers, unless exempt, and remit to the state.

Florida State Tax – A tax imposed on every person who engages in the business of selling or renting tangible personal property at retail in the state, in accordance with Chapter 212 of the Florida Statutes.

Franchise Fee – A fee levied by a municipality for the right to utilize public property to provide electric service. The fee is collected by Tampa Electric and paid to the municipality.

Fuel Charge - Cost of fuel used to produce electricity you purchased. Fuel costs are passed through from fuel suppliers to our customers with no markup or profit to Tampa Electric.

Important Rate Information for Lighting Customers

Effective January 2021, customer bills will increase due to rising natural gas prices, our continued investments in solar and a Storm Protection Charge. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average. Visit tampaelectric.com/rates and select Customer Communications to review the January 2021 lighting rates.

Rising natural gas prices will affect Tampa Electric bills in 2021.

The average commercial and industrial customer bills will increase by about 7 to 11 percent, depending on usage. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average.

Here's what will affect bills in 2021:

Fuel The pandemic initially reduced demand for natural gas, which drove prices to historical lows during 2020. As the economy begins to recover, natural gas demand will increase this winter and during 2021, causing natural gas prices to increase. Tampa Electric will continue to utilize solar power and clean, affordable natural gas to keep customer bills low.

Continued Investment in Solar Providing safe, reliable and clean energy is our priority. We will add additional solar in January to produce clean power for all our customers. By 2023, Tampa Electric will have enough solar to power more than 200,000 homes and businesses - more solar per customer than any other utility in Florida.

Storm Protection Charge

Starting in January, you'll see a new line item on your bill called the Storm Protection Charge. It will support the company's approved Storm Protection Plan, which strengthens our electrical infrastructure that delivers power to your business. These investments will help minimize power outages and reduce power restoration time. In addition, this change includes a base rate reduction for some storm-hardening activities which will now be recovered through the storm protection charge.

Important Rate Information for Lighting Customers

Effective January 2021, customer bills will increase due to rising natural gas prices, our continued investments in solar and a Storm Protection Charge. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average. Visit tampaelectric.com/rates and select Customer Communications to review the January 2021 lighting rates.

Rising natural gas prices will affect Tampa Electric bills in 2021.

The average commercial and industrial customer bills will increase by about 7 to 11 percent, depending on usage. Although customer bills will increase, they will still be among the lowest in Florida and well below the national average.

Here's what will affect bills in 2021:

Fuel The pandemic initially reduced demand for natural gas, which drove prices to historical lows during 2020. As the economy begins to recover, natural gas demand will increase this winter and during 2021, causing natural gas prices to increase. Tampa Electric will continue to utilize solar power and clean, affordable natural gas to keep customer bills low.

Continued Investment in Solar Providing safe, reliable and clean energy is our priority. We will add additional solar in January to produce clean power for all our customers. By 2023, Tampa Electric will have enough solar to power more than 200,000 homes and businesses – more solar per customer than any other utility in Florida.

Storm Protection Charge

Starting in January, you'll see a new line item on your bill called the Storm Protection Charge. It will support the company's approved Storm Protection Plan, which strengthens our electrical infrastructure that delivers power to your business. These investments will help minimize power outages and reduce power restoration time. In addition, this change includes a base rate reduction for some storm-hardening activities which will now be recovered through the storm protection charge.

Fuel The pandemic initially reduced demand for natural gas, which drove prices to historical lows during 2020. As the economy begins to recover, natural gas demand will increase this winter and during 2021, causing natural gas prices to increase. Tampa Electric will continue to utilize solar power and clean, affordable natural gas to keep customer bills low.

Continued Investment in Solar Providing safe, reliable and clean energy is our priority. We will add additional solar in January to produce clean power for all our customers. By 2023, Tampa Electric will have enough solar to

power more than 200,000 homes and businesses - more solar per customer than any other utility in Florida.

Storm Protection Charge

Starting in January, you'll see a new line item on your bill called the Storm Protection Charge. It will support the company's approved Storm Protection Plan, which strengthens our electrical infrastructure that delivers power to your business. These investments will help minimize power outages and reduce power restoration time. In addition, this change includes a base rate reduction for some storm-hardening activities which will now be recovered through the storm protection charge.

Need-to-Know Information

Explanation of Surcharges

Surcharges include (i) a Regulatory Charge (which helps defray various government charges we pay including government number administration and license fees); (ii) a Federal Universal Service Charge (and, if applicable, a State Universal Service Charge) to recover charges imposed on us by the government to support universal service; and (iii) an Administrative Charge, which helps defray certain expenses we incur, including: charges we, or our agents, pay local telephone companies for delivering calls from our customers to their customers; fees and assessments on our network facilities and services; property taxes; and the costs we incur responding to regulatory obligations. **Please note that these are Verizon Wireless charges, not taxes. These charges, and what's included, are subject to change from time to time.**

Bankruptcy Information

If you are or were in bankruptcy, this bill may include amounts for pre-bankruptcy charges. You should not pay pre-bankruptcy amounts; they are for your information only. In the event Verizon receives notice of a bankruptcy filing, pre-bankruptcy charges will be adjusted in future invoices. Mail bankruptcy-related correspondence to 500 Technology Drive, Suite 550, Weldon Spring, MO 63304.

Late Payment Information

A late payment applies for unpaid balances. The charge is the greater of \$5 or 1.5% per month, or as permitted by law. Failure to pay bills on time may result in negative credit reporting.

More On Wireless Taxes And Surcharges

Your total charges for this month's bill cycle are \$48.86. This includes charges for one or more bundled Verizon service plans that include voice, messaging, data, or other services for which you pay a monthly plan charge.

This bill cycle, your fixed monthly plan charges were \$45.00 (before applying any discounts or credits, and excluding other charges such as overage, late payment, taxes, Verizon surcharges, and equipment).

To accurately bill taxes and Verizon surcharges, we regularly look at past network usage by you and other customers with similar plans to allocate this fixed monthly plan charge among the services included in the bundle.

In this bill cycle, we have allocated this amount as follows: \$2.89 for voice, \$0.58 for messaging, \$41.53 for data, and \$0.00 for other services.

For more information, please go to vzw.com/taxesandsurcharges.
